## Class of 1959 50<sup>th</sup> Class Reunion

### *Memories*

As we look back upon our golden years  
The memories of happy days we spent  
Flow through our minds like shining souvenirs.  
When we remember teachers who have meant  
To us the guides to knowledge and to light,  
We call to mind the burning of the midnight oil  
In lamps that gleamed and shone into the night.  
The memories of classes and their toil  
Have mingled in our minds with those of friends  
That we have made; of happy times at all  
The concerts, dances, and the games; of ends  
Of sad and gay events in class and hall.  
The shining souvenirs of high school days  
Remain with us: the future meets our gaze.

We have lived in South Carolina for 6 years on Lake Marion in a large (5 bedroom) log home. Retirement is great. We do miss family (grandchildren) up north. Summers down south are hot and humid, so we visit family in Michigan, Vermont, Cape Cod and CT during July and August. (This year our visits extend into September in order to attend the 50th Reunion!) See "you all" soon!

I retired in 2005 as VP of URS, a large international engineering firm and moved to Virginia to be close to my aging parents. My two sons live in Washington DC and Philadelphia. I've been in a long distance relationship with Marilyn (Messer) Graham since our last reunion. She is a lovely woman and I'm fortunate to have her in my life again. Motorcycling remains a passion. I rode 6,000 miles last year on a month long western trip with my brother. GO HUSKIES!

## **APPENDIX**

### **Letter from Cathy Rataic Greenwood-Ridenour**

A lot has happened since I left good old E.H.H.S. I went to work at Kaman in October of '59 and met my first husband on January 13th of '61. We got married Nov. of '61 and had 3 children, 2 girls and 1 son and I was a stay-at-home mom for 10 years. We moved to Colchester, CT in '65 and stayed there until fall of '72 when we came back to E.H. to raise our 3 children. They all graduated from Penney High and went on to be successful in their own right.

We have 5 grandchildren, 4 grandsons & 1 granddaughter who graduated Magna Cum Laude in May from Marist College, NY and is going to get her Master's degree from Marquette U. in WI in Communications.

We both worked at PRATT (UTC) and retired in '93, as Pratt offered a golden handshake that was hard not to take. We then moved to sunny FL as Rod's health was not conducive to living in CT anymore (3 heart attacks). In FL I worked at a drug and alcohol rehab center for 3 years and learned the game of golf as we lived on a golf course. We did a lot of traveling and cruising during our retirement until June of '03 when my husband of 42 years died.

I am remarried for 3 years to John, whose wife died a month and ½ before my husband & we got together when I asked him to go on a cruise that was already planned for. He has a home in Michigan so we spend the summers there and winter in FL. John has 3 daughters and 89 grandchildren (4 boys & 4 girls). We both love to golf and travel including cruising. We hope to celebrate at least 25 years together. We probably won't now one another but oh well!!!

### **Letter from Cynthia Rowe Kishinchand**

Since June 1959 I have meandered through life, raised two children, and learned the definition of cruelty. Telling a child he has bone cancer, the second time knowing he knows it is terminal, is cruel. The teenager knows he will not only suffer the pain of his illness, but will suffer the pain of knowing he has no future.

What have I done in the past 50 years? I studied in France before receiving a BA degree from Douglass College in 1963, worked for a variety of employers ranging from the Bureau of National Affairs in Washington, DC to the City of Philadelphia to the Friends of the Free Library; watched in amazement as our daughter trekked to Cameroon to serve in the Peace Corps and later to work in Baghdad. My husband, a survivor of the 1948 riots in Karachi, part of India until 1947, and former water commissioner of Philadelphia, endures and enjoys life with a wife who loves to read and to travel, who is helping plant hundreds of trees in Philadelphia, and who asks him questions about watersheds. I have so much more to learn and to do. I am fortunate.

### Letter from Janet Ravalese Starkey

Dear Sandy,

I was so happy to receive our 50th Class Reunion notice from you. Fifty years, where did they go. I have just returned from spending the week in CT tending to my parents' needs with my sister Sandy. We took our mother to breakfast Wednesday morning and met my cousins Virginia and Dolores at Anna's in East Hartford. That is our standard place to meet when I'm up from FL. Gee Sandy, seeing your name took me back to our 7th and 8th grade years when you and I were so close. I remember walking to your house after school and how great your mom was. Is she still with us? I think the last time you and I saw each other was in Manchester, in front of a bookstore. My mom just turned 90 and my dad is 95. They are both in assisted living residences. I try to come up three to four times a year. Sandy and I are co-conservators for our parents.

You asked for some info. Well I retired after 36 years of working, twenty-five of them as Coopers & Lybrand in Hartford. Lowell and I then sold our house and moved to Wolfeboro, NH. Lowell's brother John, his only living relative, lives in Ctr. Barnstead NH and Lowell wanted to be closer to him. We lived 10 years in Wolfeboro, 10 wonderful years. I would have stayed there forever but the winters became too much for Lowell's arthritis. We moved, four years ago, to Venice, FL on the West coast. It is very nice here but the summers are a bit tough to take. We have one daughter Shelby. Shelby is 44k still single and living in Berkeley CA where she has been for about 10 years.

As I told Virginia, I would love to attend all the activities planned for our 50th Reunion but it would be challenging for Lowell and I'll not attend without him. So I'll think of all of you enjoying yourselves at Adams Mill, a really nice place to have it on September 20th. Virginia said she will send me a class booklet which I look forward to looking through and remembering our wonderful years at East Hartford High.

My E-mail address is: Janet Starkey@yahoo.com if you would like to drop me a note from time to time. I would love to hear what you are doing, how many children and grandchildren you have, etc. Thank you for sending me the Reunion notice.

Your "old" friend, Janet

## Letter from Elaine Piller Congress

### Education

I have had a very busy, but happy, 50 years since 6/59. As you may remember, I always loved school so I pursued a BA from Brown, a MAT from Yale, a MSSW from Columbia, a MA in Psychology from the New School for Social Research and finally (I once thought I was fixated on the masters degree) a doctorate in Social Work from City University of New York.

### Career

The quotation under my name in our class yearbook read "Give to the world the best you have and the best will come back to you." Forty years ago I began as professional social worker working first as a practitioner, supervisor, and administrator in a community mental health clinic in Brooklyn. After I received my doctorate, I took the advice I had often given clients about moving on and making positive changes in their lives and entered academia 20 years ago and now am a full Professor and Associate Dean at Fordham University Graduate School of Social Service.

### Interests - Writing, Travel, New York City

I always liked to write and now have published seven books (*the last two – Social Work with Immigrants and Refugees and Teaching Social Work Values and Ethics*) and over 50 journal articles and book chapters. While growing up in East Hartford, I always wanted to see the world, but despaired that this would ever happen. I am happy to report that I have travelled around the world, first when I was on sabbatical in Australia and then again to speak at conferences in Australia and Korea. I have spent my adult life in NYC having come here to go to Columbia University School of Social Work when I was 25 and never left. I love living in "the city that never sleeps" and feel reassured that on the block where I live there is a pharmacy, two small grocery stores, and a coffee shop that are open 24/7. (I must confess, however, that rarely at 3:30 am do I want something so desperately, I go out to shop for it.)

### Personal

I met the love of my life about 25 years ago and we have been married for the last 12 years. Bob Snyder is a retired Judge with the National Labor Relations Board and now works as an Arbitrator. I have never had children but am fortunate to have a stepson (Adam now 43) from Bob's first marriage, a daughter in law Cece Cutler (also an academic) and now a grandson (Jack Emmet) who is 3 years old.

I am looking forward to meeting classmates and hearing what you have been doing for the last 50 years.
